California Northstate University Precision Medicine Symposium

-Focus on Lung Cancer Treatment

The public is welcome

February 10, 2018, 9:00 am-12:00 pm
California Northstate University College of Medicine, Classroom 1A
9700 West Taron Drive, Elk Grove, CA 95757
RSVP MICHELLE.NGO@CNSU.EDU

Guy diSibio, MD, PhD
Associate Professor of Pathology, Hematopathology, Surgical Pathology, Molecular Genetics and Clinical Skills, California Northstate University College of Medicine

Topic: The Pathologist’s Considerations in Precision Medicine for Lung Cancer

Tianhong “Tina” Li, MD, PhD
Associate Professor of Medicine, Division of Hematology and Oncology, UC Davis Comprehensive Cancer Center

Topic: Clinical Approaches for Precision Medicine in Lung Cancer Treatment

Xiaodong Feng, PhD, PharmD
Professor of Pharmacology and Oncology; Associate Dean of Student Affairs, Admissions and Outreach, California Northstate University College of Medicine

Topic: Pharmacologic Perspectives and Strategies in Precision Medicine for Lung Cancer Treatment

Sett Sadis, PhD
Director, Oncology R&D Clinical Sequencing Division Thermo Fisher Scientific

Topic: Role of Bioinformatics in Data Quality and Treatment Planning for Precision Medicine-Based Lung Cancer Treatment

Anagh Vora, MD
Senior Medical Director, Head of Medical Affairs, Thermo Fisher Scientific

Topic: Precision Medicine in the Future

Philip Mack, PhD
V. P. of Research, CNU College of Medicine; Professor/Director of Molecular Pharmacology, UC Davis Comprehensive Cancer Center; Director of Basic Sciences, California Cancer Consortium; Associate Director of the SWOG Lung Translational Medicine Committee

Topic: Update on Biomarker Research in Precision Medicine for Lung Cancer Treatment

“Please note: This educational program does not offer CME credit. This program is provided by an unrestricted grant from Thermo Fisher Scientific.” Lunch will be provided. No registration fee.
