

Foundations of Clinical Medicine

The Foundations of Clinical Medicine course will introduce the practice of using clinical presentations (CPs) to frame the delivery of the basic and clinical sciences. The CPs within this first course will be focused on common situations and presentations that a primary care physician will experience. This course serves to strengthen each student's basic science foundation to prepare them for future systems-based courses.

Clinical Presentations

- Well Visits
- Genetic Counseling
- Obesity/ Weight Gain
- Abnormal Lipids
- Allergic Reactions
- Sore Throat
- Fever
